Leadership is like a spark...

- It can be found in yourself.
- It can be seen in your coworkers.
- It can be discovered in your ONS colleagues.

What can that leadership spark look like?

- Big picture thinkers.
- Bold idea generators.
- Motivators.
- Inquisitive askers.
- Connectors.

 Candidate Materials

Candidate Materials
 You can become part of the vital group of leaders who shape the future of ONS. Each year, there are positions available for candidates for our nationally elected office.

Application Criteria
 Candidate applicants for the ONS Board of Directors should be voting ONS members for no less than five years prior to assuming office. A member in good standing (one who meets the regular entry-level professional, physically challenged or retired membership category) is a registered nurse engaged in or interested in oncology nursing, and has paid the required dues. Student, associate, and international-level members may not vote or hold ONS office.

All candidates must:

- Meet the qualifications as required for the office desired.
- Demonstrate a commitment to the ONS core values.
- Submit a letter of intent and a completed candidate application to the Leadership Development Committee by the deadline specified.

If you are a candidate's responsibility to contact ONS at 800-257-4847 prior to the deadline date to confirm receipt of their application. Each application will be reviewed by the Leadership Development Committee and the most qualified candidates will be elected.

Leadership Positions
 Read the following descriptions for a comprehensive look at each leadership position, including qualifications, responsibilities, and expected time commitments. The ONS Board of Directors requires interested candidates to contact their primary or better preferred, these commitments on a more individual level.
