

Chapter Programming Opportunity for 2018

ONS has received funding to offer a series of three CNE programs to 15 ONS chapters

Current Details

- Programs will be available by April 1, 2018
- A chapter must host all 3 programs
- ONS will provide speaker travel and honorarium for each presentation
- Program topics:
 - ◆ Treatment options available for patients with advanced or metastatic breast cancer & strategies to promote patient-centered treatment decision making
 - ◆ Preventing and managing side effects related to treatment for advanced or metastatic breast cancer, with an emphasis on risk assessment and early evidence-based interventions
 - ◆ Addressing the psychosocial and survivorship issues and priorities for patients with advanced or metastatic breast cancer

Interested in hosting this program series?

Contact ONS staff at help@ons.org –
we will confirm chapter selection before November 1, 2017.
